Special Features :

Sound Deadening Pad

A unique sound suppression pad, on all ALSTONE models, helps minimize the noise of utensil washing and stacking on the sink.

Plast Care

Every ALSTONE sink comes protected with a thin plastic film over its entire body. This prevents scratches or marks on the sink during installation. Once installed, the plastic film can be simply peeled off-revealing a sparkling new sink ready to use.

Undercoat

Undercoat is extremely important for kitchen sinks, because it absorbs sound, protects against condensation and corrosion due to humidity in cabinet.

Basket Coupling

The name speaks for itself. This intelligent creation of ALSTONE provides **cleaner, clog free and easy** to maintain drainpipes of ALSTONE sinks. The basketbin can be removed, emptied, and put back-quickly and conveniently. It also prevents entry of cockroaches through the drainpipe. so your drainpipe continues to work smoothly, day after day.

Easy Clean

ALSTONE sinks have a specially designed surface that is easy to clean and maintain. No need to use hard scrubbers or harsh detergents and acids; just a soft cloth and soapy water will do.

Providing optimal service to our customers is a top priority. In every vertical market we serve, across every continent on the globe, we aim to achieve 100% satisfaction, building a strong, loyal and ever-expanding customer base.
